

# Make your own bat box

## What you need:

- an adult to help you
- rough cut, untreated timber

- tape measure and pencil

- saw

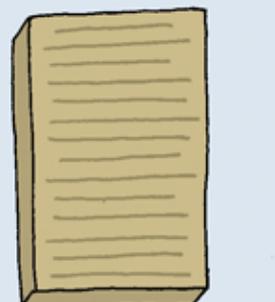

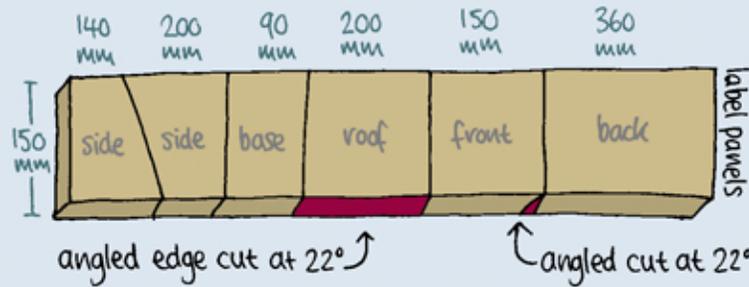

- hammer and nails

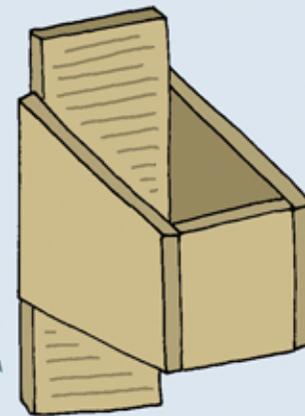

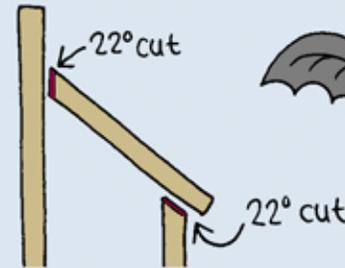

- rubber flap

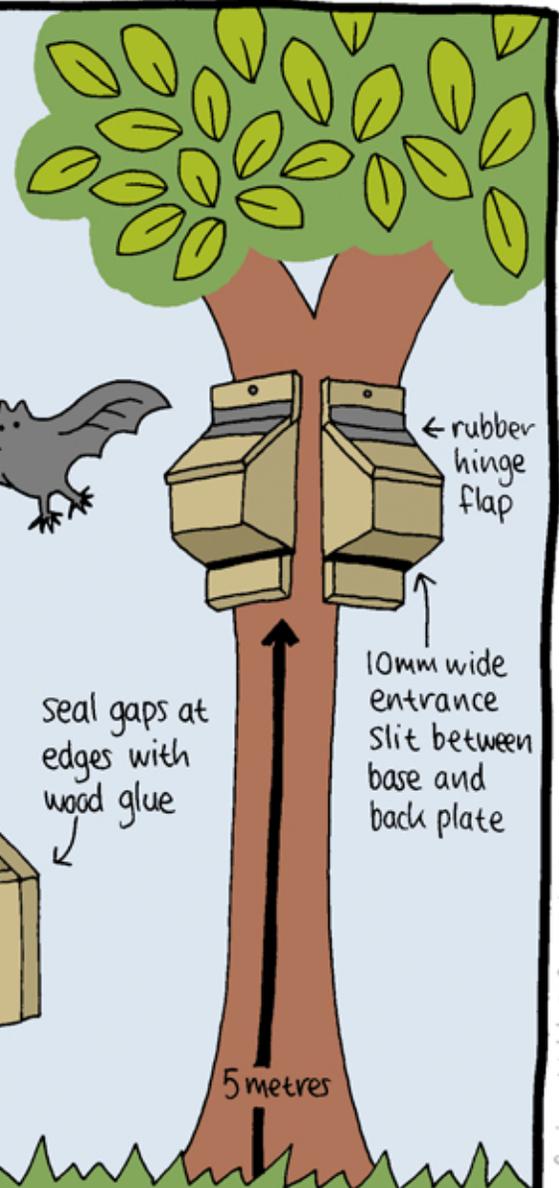

- odourless wood glue (optional)

roughen back plate with 1mm deep cuts every 10mm

seal gaps at edges with wood glue

**IMPORTANT**  
Do not use wood stain or preservative anywhere on box

IT IS ILLEGAL TO DISTURB BATS WITHOUT A LICENSE - DO NOT INSPECT BOXES IF YOU THINK BATS ARE USING THEM

Look for droppings below to check for occupancy
