Stay safe & legal

RESPONSIBILITY

It's really important that all safety aspects are thought about beforehand, as Surrey Wildlife Trust cannot accept any liability for any accidents or incidents that occur as a result of your private fundraising event. If you're using a venue other than your workplace, check whether they have insurance.

SAFETY

Always do a risk assessment for the location of your event to make sure you have identified any hazards and have a plan in place for emergencies. More at sja.org.uk or institute-offundraising.org.uk

PUBLIC EVENTS

Please check hse.gov.uk for information about holding your event in a public place, and remember to obtain a licence from your local authority if you are collecting money in a public location.

FOOD & DRINK

Everyone involved in preparing and serving food needs a basic understanding of food hygiene, and if you're selling alcohol you need a licence from your local authority. If you're providing refreshments make sure you alert people to any allergens. food.gov.uk is a comprehensive website for food safety laws.

RAFFLES

If you're organising a raffle, remember that you can't sell tickets to anyone under 16. If you want to run a public raffle, you'll need to apply to your local authority for a licence, but you don't need one for a private raffle as long as tickets are only sold to staff at a workplace or members at a club.
